Institut de Recherche Robert-Sauvé en Santé et en Sécurité du Travail (IRSST), established in Quebec since 1980, is a scientific research organization known for the quality of its work and the expertise of its personnel. The Institute is a private, non-profit agency.

### Collaborative Research

**Purpose:** The Collaborative Research Grant Program covers work that may include studies, analyses, design or development carried out according to a scientific process and likely to contribute to the advancement of knowledge. This work is defined in collaboration with the IRSST and falls within the priority themes. Proposals for collaborative research studies are developed by researchers in collaboration with the research field leader, knowledge transfer advisor and research management advisor. First, the researchers are asked to send a brief summary of their proposed study, using the Summary page of the Letter of Intent form, to the research management advisor for the field concerned. This person coordinates the collaborative process. Once the process has been completed, the researcher may officially file his or her grant application by one of the periodically announced deadlines.

**Eligibility:** An applicant who files an application as a principal investigator must be a Canadian citizen or

permanent resident of Canada, hold a doctorate or the equivalent, and hold a position as a professor or teacher in a Québec post-secondary educational or research establishment. The principal investigator is responsible for the intellectual direction of the proposed research, performs the administrative duties related to the grant, and acts as the contact person with the IRSST. Only one person may play this role.

**Value:** US\$100,000 IRSST + US\$30,000

**For further information contact:**

**Email:** [subventions@irsst.qc.ca](mailto:subventions@irsst.qc.ca)

### Competitive Research

**Purpose:** The Competitive Research Grant Program is intended exclusively for researchers affiliated with Québec universities or research centres who take the initiative of submitting occupational health and safety research proposals that the IRSST is likely to consider relevant, even if in some cases such projects go beyond the official bounds of the Institute's stated research priorities

**Eligibility:** An applicant who files an application as a principal investigator must be a Canadian citizen or permanent resident of Canada, hold a doctorate or the equivalent, and hold a position as a professor or teacher in a Québec post-secondary educational or research establishment. The principal investigator is responsible for the intellectual direction of the proposed research, performs the administrative duties related to the grant, and acts as the contact person with the IRSST. Only one person may play this role.

**Level of Study:** doctorate

### International Affairs Fellowship in India

**Purpose:** The Council on Foreign Relations International Affairs Fellowship (IAF) in India, sponsored by Bharti, seeks to strengthen mutual understanding and cooperation between rising generations of leaders and thinkers in the United States and India. The program provides for one to four mid-career United States professionals, who have had little or no substantial prior experience in India, the opportunity to spend three to twelve months conducting research and working in India. Fellows are drawn from academia, business, government, journalism, NGOs, and think tanks. While in India, fellows develop a new professional network as well as gain fresh insights and perspectives into the country and the opportunities and challenges that confront the region. CFR will work with its network of contacts to assist selected fellows in finding suitable host organizations that best match the fellow's proposed work in India. Possible placements include but are not limited to the CFR's local partner, the Centre for Policy Research; the Institute for Defense Studies and Analyses; or the Centre for Insurance and Risk Management

**Eligibility:** 1. Applicants must be United States citizens. 2. Applicants must be mid-career professionals. 3. Applicants must possess a strong record of professional achievement. 4. Applicants must hold at least a bachelor's degree

**Purpose:** The Center for Global Studies at the University of Illinois, Urbana-Champaign, is pleased to announce funding to support the internationalization of community colleges nationwide. We invite applications from faculty, librarians, and administrators interested in expanding global studies curricula, instruction in less commonly taught languages,

library collections, or international education programs at their home institutions. Projects for minority-serving institutions are particularly welcome. During their stay, Fellows can work one-on-one with international and area studies reference librarians and explore the unlimited print and online resources of the University of Illinois Library

**Eligibility:** Applicants must be faculty or administrators at 2-year community colleges or 4-year universities that offer associate degrees. The Center for Global Studies encourages applications particularly from minority-serving institutions. While fellowships that cover housing and parking will be reserved to applicants from outside of the Champaign-Urbana area, all participants will be eligible to receive research honoraria

**Contact:** Valerie Gryniewicz, Manager, Education

The Institute for Supply Management (ISM) is a non-profit association that provides national and international leadership in purchasing and supply management research and

education. ISM provides more than 40,000 members with opportunities to expand their professional skills and knowledge.

### Institute for Supply Management Professional Research Development Grant

**Purpose:** This program is designed to support assistants and young associate professor with terminal degree that are teaching in the field of a significant research track in supply management and associated areas. The goal is to help competitively selected faculty build a research and publication field and establish themselves in the profession (i.e. academic institutions, professional organisation, research fund granting bodies such as CAPS Research etc.). This would include CAPS research. Faculty selected will generally have 2 and 8 years of teaching and research experience and have successful publication experiments beyond the doctoral degree

**Eligibility:** Open to assistant professors, associate professors or equivalent who have demonstrated exceptional academic productivity in research and teaching. Candidates are chosen from those who can help produce useful research that can be applied to the advancement of purchasing and supply management. Candidates must be full-time faculty members within or outside the United States of America and be present or past members of ISM committees, groups, forums or affiliated organizations. An assistant professor should have 3 or more years of post-degree experience. Previous awardees are ineligible

**Level of Study:** Postdoctorate

**Type:** Grant

**Value:** US\$10,000

**Frequency:** Annual

**Country of Study:** United States of America

**Application Procedure:** (1) Letter of application explaining qualifications of the grant. (2) Research proposal of no more than five pages, including problem statement or hypothesis; research methodology, with data sources, collection and analysis; and value to the field of supply management. (3) Curriculum vitae, including works in progress

**No. of awards offered:** 5–10

**Closing Date:** 30 January

**Funding:** Private

**Contributor:** ISM

**No. of awards given last year:** 1

**No. of applicants last year:** 5–10

**Additional Information:** It is expected that the recipients will present the results of their research at an ISM forum, e.g. research symposium, ISM Annual International Purchasing Conference and/or an ISM publication such as The Journal of Supply Chain Management [www.stimson.org/content/south-asia-program-junior-fellowship](http://www.stimson.org/content/south-asia-program-junior-fellowship)

The IET is one of the world's largest engineering institutions with over 163,000 members in 127 countries. It is also the most interdisciplinary – to reflect the increasingly diverse nature of engineering in the 21st century. Energy, transport, manufacturing, information and communications, and the built environment: the IET covers them all.

### **Hudswell International Research Scholarship**

**Subjects:** Electronic, Electrical and Systems Engineering

**Purpose:** To encourage excellence in engineering and technology research, with a preference for electrical, electronic or manufacturing engineering.

**Eligibility:** 1. You can apply for an award if you have a student loan, research grant, company bursary or similar, but you can't be a recipient of any other IET scholarship or bursary. 2. On the application form you'll need to include details of your referee. 3. The panel will consider you for all postgraduate awards where you meet the eligibility requirements. 4. If you're successful, you'll only be able to receive one IET Postgraduate Award during your PhD research.

**Type:** Scholarship

**Value:** £5,000

**Country of Study:** Any country

**Closing Date:** 1 April

**Additional Information:** [www.birmingham.ac.uk/postgraduate/funding/hudswell-international-research-scholarship-institution-of-engineering-and-technology.aspx](http://www.birmingham.ac.uk/postgraduate/funding/hudswell-international-research-scholarship-institution-of-engineering-and-technology.aspx)

### **Institution of Engineering and Technology Postgraduate Scholarship for an Outstanding Researcher**

**Purpose:** To help researchers share their knowledge throughout the global science, engineering and technology community, with the aim of improving people's lives around the world.

**Eligibility:** Applicants should be members of the IET and must have commenced their studies prior to applying for this scholarship

**Level of Study:** Doctorate, Postgraduate, Research

**Type:** Scholarship

**Value:** £10,000

**Length of Study:** 1 year

**Frequency:** Annual

**Country of Study:** Any country

**Application Procedure:** Applicants should complete the online application form at [www.theiet.org/postgradawards](http://www.theiet.org/postgradawards)

**Closing Date:** 8 April

**Funding:** Trusts

### **Institution of Engineering and Technology Travel Awards**

**Purpose:** To assist IET members undertaking international travel to attend conferences, participate in international research visits or projects

**Eligibility:** 1. Have been a member for a minimum of one year up to the date of application 2. Are IET members i.e. Student, Member, Fellow and some Associate categories. Lapsed members are not eligible 3. Reside in any country, as long as the travel is international

**Level of Study:** Unrestricted

**Type:** Travel grant

**Value:** We can award grants of up to £1,500 - a maximum of 75% of the total cost of the visit would be funded by the IET.

**Frequency:** Annual

**Country of Study:** Any country

**Application Procedure:** 1. You can apply for a grant at any time during the year 2. The travel should take place at least one month after the closing date for applications 3. You can't submit an application after an event has taken place 4. You

can make up to two applications within a twelve-month period 5. If you have already received an IET Travel Award, a year must have passed before you can apply again 6. Please click the 'Apply' button above 7. You will be asked to attach documentary evidence of the travel intention (e.g. invitation from the conference organiser) and confirmation that a visa has been sought (if required) 8. You will be requested to provide details of how any difference between the cost of the visit and the IET award will be funded 9. You'll need to provide contact details of your referee and send a request for a reference during the application

**Funding:** Trusts

**Additional Information:** If a successful applicant does not undertake the visit, or submit a report within 1 month of the visit, they must return the funding to the IET. Awards are available throughout the year for IET members who present a paper/poster at conferences around the world, or participate in international research visits or projects [www.theiet.org/impact-society/awards-scholarships/travel-awards/](http://www.theiet.org/impact-society/awards-scholarships/travel-awards/)

### **Leslie H. Paddle Scholarship**

**Purpose:** To encourage excellence in engineering and technology research, with a preference for electrical, electronic or manufacturing engineering.

**Eligibility:** 1. You can apply for an award if you have a student loan, research grant, company bursary or similar, but you can't be a recipient of any other IET scholarship or bursary. 2. On the application form you'll need to include details of your referee. 3. The panel will consider you for all postgraduate awards where you meet the eligibility requirements. 4. If you're successful, you'll only be able to receive one IET Postgraduate Award during your PhD research.

The Institution of Mechanical Engineers (IMechE) was founded in 1847 by engineers. They formed an institution to promote the exchange of ideas and encourage individuals or groups in creating inventions that would be crucial to the development of the world as a whole. Now, over 150 years later, IMechE is one of the largest engineering institutions in the world, with over 88,000 members in 120 countries.

### Astridge Postgraduate Research Scholarship

**Eligibility:** This award will be made annually to support a postgraduate conducting research or working in the field of aviation safety/airworthiness.

**Level of Study:** Doctorate

**Type:** Scholarship

**Value:** £6,500 per year

**Country of Study:** Any country

**Closing Date:** 1 August

### James Clayton Lectures

**Purpose:** Awards are normally made for periods of not greater than one year to enable the recipients to obtain advanced training to supplement that previously obtained in mechanical engineering.

**Eligibility:** Applicants must have satisfied the academic requirements needed for professional registration at either IEng or CEng level; Applicants must: 1. be currently resident in the UK 2. intend to commence their advanced training course in the next academic session. If you have already commenced you are not eligible to apply 3. have received an offer of a place on the advanced training course 4. be an Associate Member of the Institution, or higher grade, at the time of applying for a scholarship.

The International Airline Training Fund's (IATF) mission is to provide vocational training opportunities for staff of IATA member airlines based in countries with developing economies. It does so by providing scholarships and other training opportunities to enable worthy candidates to follow vocational training courses conducted by the IATA Aviation Training & Development Institute, the Aviation MBA at Concordia University, as well as several other courses.

### International Airline Training Fund IATA Aviation Training and Development Institute (ATDI) Scholarships

**Purpose:** To enable staff of IATA member airlines based in countries with developing economies to follow short courses of specialist vocational training provided under the auspices of the IATA Aviation Training & Development Institute (ATDI)

**Eligibility:** Open to staff from IATA member airlines from countries with developing economies

**Level of Study:** Postgraduate

**Type:** Scholarship

**Value:** Please contact the organization

**Country of Study:** Switzerland, the United States of America or Singapore

**Application Procedure:** Applicants must channel applications through the human resources director of the IATA member airline which employs the applicant for an IATF-IATDI scholarship

**Funding:** Commercial, Private

**Contributor:** IATA member airlines and aviation industry suppliers

**Additional Information:** The scholarship committee meets quarterly to assess accumulated applications as of that date and to make awards. The ATDI seeks to offer skills training for managers, supervisors and other airline industry specialist staff who wish to add to their professional knowledge and ability. The range of courses taught is wide, with courses in heavy demand being repeated during the course of the year [www.theiet.org/impact-society/awards-scholarships/iet-postgraduate-research-awards/](http://www.theiet.org/impact-society/awards-scholarships/iet-postgraduate-research-awards/)

The International Centre for Genetic Engineering and Biotechnology (ICGEB) is an organization devoted to advanced research and training in molecular biology and biotechnology, with special regard to the needs of the developing world. The component host countries are Italy, India and South Africa. The full member states of ICGEB are Afghanistan, Algeria, Argentina, Bangladesh, Bhutan, Bosnia and Herzegovina, Brazil, Bulgaria, Burundi, Cameroon, Chile, China, Colombia, Costa Rica, Côte d'Ivoire, Croatia, Cuba, Ecuador, Egypt, Eritrea, FYR Macedonia, Hungary, Iran, Iraq, Jordan, Kenya, Kuwait, Kyrgyzstan, Liberia, Libya, Malaysia, Mauritius, Mexico, Montenegro, Morocco, Nigeria, Pakistan, Panama, Peru, Poland, Qatar, Romania, Russia, Saudi Arabia, Senegal, Serbia, Slovakia, Slovenia, Sri Lanka, Sudan, Syria, Tanzania, Trinidad and Tobago, Tunisia, Turkey, United Arab Emirates, Uruguay, Venezuela, and Vietnam.

### ICGEB PhD and POSTDOC Fellowships, South Africa

**Eligibility:** 1. Applicants must be nationals of an ICGEB Member State. Nationals of India and South Africa, ICGEB Host Countries, are not eligible to apply for ICGEB Fellowships in their home country. 2. Degree requirements: applicants for ICGEB Trieste should hold a BSc (Honours) degree; applicants for ICGEB Cape Town and New Delhi should hold an MSc degree. 3. Candidates must have a good working knowledge of the English language, supported by a proficiency certificate (TOEFL, Cambridge Certificate, or equivalent). Not required when scholastic education has been undertaken in English. 4. Candidates for Trieste, Italy must be below the age of 32 years at the time of application. There is

no age limit for applications for ICGEB New Delhi and Cape Town

**Level of Study:** Postdoctorate, Postgraduate

**Type:** Fellowship

**Value:** Trieste (Italy): €1,300, New Delhi (India): US\$1,020, Cape Town (South Africa): R12,500

**Length of Study:** 3 years PhD course with the possibility of 1-year extension

**Country of Study:** Any country

**Closing Date:** 31 March

### ICGEB PhD Fellowships

**Eligibility:** 1. Applicants must be nationals of an ICGEB Member State. Nationals of India and South Africa, ICGEB Host Countries, are not eligible to apply for ICGEB Fellowships in their home country. 2. Degree requirements: applicants for ICGEB Trieste should hold a BSc (Honours) degree; applicants for ICGEB Cape Town and New Delhi should hold an MSc degree. 3. **Country of Study:** Any country

**Closing Date:** 31 March

### ICGEB Postdoctoral Fellowships

**Purpose:** ICGEB offers competitive Postdoctoral Fellowships in the Life Sciences to highly motivated scientists wishing to pursue postdoctoral research in a world-class scientific environment. The Fellowships consist of a very competitive package including stipend, health insurance and additional benefits. The most successful fellows will also be eligible to apply for ICGEB Early Career Research Grants to support their own research programmes as young PIs upon return to an ICGEB Member State.

**Type:** Fellowship

**Value:** Trieste (Italy): €2,000, New Delhi (India): US\$1,590, Cape Town (South Africa): R18,750

**Length of Study:** 2 years with the possibility of a 1-year extension.

**Country of Study:** Any country

**Closing Date:** 30 September

## ICGEB Short-Term PhD Fellowships

**Purpose:** ICGEB offers Short-term fellowships for Pre-doctoral studies in ICGEB Component laboratories to fund ongoing collaborative research between scientists from ICGEB Member States and research groups at ICGEB laboratories in Trieste, Italy, New Delhi, India and Cape Town, South Africa, with the aim of facilitating access to the latest research techniques and to strengthen capacity building.

**Eligibility:** 1. Applicants must be nationals of an ICGEB Member State and may not apply for fellowships to be undertaken in their country of origin, unless working abroad at the time of application. 2. Degree requirements: applicants for ICGEB Trieste and Cape Town should hold a BSc (Honours) degree; applicants for ICGEB New Delhi should hold a MSc degree. 3. Candidates must have a good working knowledge of the English language, supported by a proficiency certificate (TOEFL, Cambridge Certificate, or equivalent). Not required when scholastic education has been undertaken in English.

**Level of Study:** Pre-doctoral

**Type:** Fellowship

**Value:** Trieste (Italy): €1,300, New Delhi (India): US\$1,020, Cape Town (South Africa): R12,500.

**Length of Study:** 1-12 months

**Country of Study:** Any country

**Closing Date:** 30 September

## ICGEB Short-Term Postdoctoral Fellowships

**Purpose:** In ICGEB Laboratories: ICGEB offers Short-term fellowships for Postdoctoral studies in ICGEB Component laboratories to fund ongoing collaborative research between scientists from ICGEB Member States and research groups at ICGEB laboratories in Trieste, Italy, New Delhi, India and Cape Town, South Africa, with the aim of facilitating access to the latest research techniques and to strengthen capacity building.

**Eligibility:** 1. Applicants must be nationals of an ICGEB Member State and may not apply for fellowships to be undertaken in their country of origin, unless working abroad at the time of application. 2. Degree requirements: applicants should hold a recent PhD in Life Sciences or have at least 3 years research experience. 3. Candidates must have a good working knowledge of the English language, supported by a proficiency certificate (TOEFL, Cambridge Certificate, or equivalent). Not required when scholastic education has been undertaken in English.

**Type:** Fellowship

**Value:** Trieste (Italy): €2,000, New Delhi (India): US\$1,590, Cape Town (South Africa): R18,750

**Length of Study:** 1-6 months

**Country of Study:** Any country

**Closing Date:** 30 September

## ICGEB Smart Fellowships

**Subjects:** Applications are welcome in any area of the Life Sciences.

**Purpose:** The programme promotes the mobility of researchers between ICGEB Member States as a way of enhancing skill development, acquisition of specific hands-on training in technologies available in the receiving laboratory and increasing bilateral cooperation in science and technology, and should show clear evidence of strong collaboration between the two laboratories. Applicants should focus on the impact for the fellow's career, the benefit to the applicant's home laboratory and the suitability of the receiving laboratory.

**Eligibility:** The call is open to nationals of ICGEB Member States and provides fellowships to scientists in the early stage of their career wishing to spend between 3 and 9 months at a research institution in an ICGEB Member State other than their own. SMART Fellowships are intended to promote collaboration among researchers in ICGEB Member Countries. Mobility support to laboratories located in Italy, India and South Africa can be considered under exceptional circumstances and only if the research activity proposed is not covered by one of the ICGEB laboratories in Trieste, New Delhi or Cape Town. If the latter case applies, please see ICGEB Arturo Falaschi Short-term fellowships programme. There is no age limit. However, preference is given to young scientists at the beginning of their research career. Applicants should be either registered for a PhD or have obtained their PhD degree within the last 5 years and be actively working in a research Institution. Young scientists holding an MSc or equivalent can apply. SMART Fellowships support mobility between laboratories located in Member States. Awards are not intended to prolong visits begun under other auspices; to support participation in courses, workshops or symposia or as bridging fellowships between, or prior to, long term stays funded by ICGEB or other organizations.

**Level of Study:** Postgraduate

**Type:** Fellowship

**Value:** The stipend ranges from US\$800 to 1,500 per month

**Length of Study:** minimum of 3 to a maximum of 9 months

**Country of Study:** Any country

**Closing Date:** 30 September

## ICGEB-Elettra Sincrotrone Trieste International Fellowship Programme

**Purpose:** ICGEB and Elettra offer competitive Postdoc Fellowships in Life Sciences to highly motivated scientists wishing to pursue their studies in a world-class scientific environment.

**Eligibility:** 1. Applicants must be nationals of an ICGEB Member State and may not apply for fellowships to be undertaken in their country of origin, unless they have been working

abroad for, at least, the last 3 years and at the time of application. 2. Degree requirements: applicants should hold a recent PhD in Life Sciences or have at least 3 years research experience. 3. Preference is given to candidates below the age of 35.

**Level of Study:** Postgraduate

**Type:** Fellowship

**Value:** Trieste (Italy): €2,000, New Delhi (India): US\$1,590, Cape Town (South Africa): R18,750

**Length of Study:** 2 years with the possibility of a 1-year extension

**Country of Study:** Any country

**Closing Date:** 31 March

### **International Center for Genetic Engineering and Biotechnology Arturo Falaschi PhD and Postdoctoral Fellowships for Member Countries**

**Purpose:** Funding opportunities are made available through the Collaborative Research Programme (CRP) – ICGEB Research Grants, which is a dedicated source of funding aimed at financing projects addressing original scientific problems of particular relevance for the host country and of regional interest

**Eligibility:** Candidates must have a good working knowledge of the English language, supported by a proficiency certificate (TOEFL, Cambridge Certificate, or equivalent). Not required when scholastic education has been undertaken in English

**Type:** Fellowship

**Value:** See the website

**Study Establishment:** Fellowships are awarded in Life Sciences. The programme provides support for research projects in basic science, human healthcare, industrial and agricultural biotechnology and bioenergy

**Country of Study:** Any country

The International Institute of Tropical Agriculture (IITA) was founded in 1967 as an international agricultural research institute with a mandate for special food crops and with ecological and regional responsibilities to develop sustainable production systems in Africa.

## International Institute of Tropical Agriculture Research Fellowships

**Purpose:** To enable African postgraduate degree candidates to conduct research at the Institute or one of its satellites

**Eligibility:** Candidates should be residents of Sub Saharan Africa and be registered for a postgraduate degree at a university in Africa or abroad (generally a faculty of agriculture). Preference will be given to candidates of IITA stations - Nigeria, Cameroon, Uganda, Benin and Cote d'Ivoire

**Level of Study:** Doctorate, Postgraduate

**Type:** Fellowship

**Value:** Up to US\$12,000 per year, includes board and lodging, various allowances for personal and other expenses, travel to and from the Institute, medical accident insurance, and all research costs. It also includes one round trip ticket for the student's university supervisor to IITA for PhD students

**Length of Study:** MSc is 1 year, the PhD is 2–3 years

**Frequency:** Annual

**Study Establishment:** IITA

**Country of Study:** Other

**Application Procedure:** Application form must be completed and submitted with a research proposal of no more than 10 pages and three letters of recommendation from the candidate's advisor at the university. Applications may be submitted by individuals. However it is preferred that all applications are made through the university. Candidate, advisor and university must accept a scientist from IITA as a supervisor of research while the Fellow is at IITA

**No. of awards offered:** 150

**Closing Date:** September

**Funding:** Government

**Contributor:** Donor agencies and the government

## International Mathematical Union Visiting Mathematician Programme

**Purpose:** To provide partial travel support for extended research visits in an advanced mathematical centre

**Eligibility:** Open to active mathematicians at PhD level with strong research possibilities. The programme is mainly intended for mathematicians working in a developing country to make an extended research visit to an advanced mathematical centre

**Level of Study:** Postdoctorate, Professional development

**Type:** Travel grant

**Value:** €4,400

**Length of Study:** 1 month

**Frequency:** Annual, if funds are available

**Study Establishment:** An advanced mathematical research centre

**Country of Study:** Any country

**Application Procedure:** 1. hold at the time of application a PhD in Mathematics, 2. be based in a developing country at the time of application 3. hold a position in a university/research institution 4. be in the early stages of their professional careers, more precisely: the applicants should 4. 1) not yet be of full professorial rank but have a working contract in a university/ college 4. 2) be under 40 years of age at the day of the application deadline.

**No. of awards offered:** 30

**No. of awards given last year:** 8

The International School of Crystallography is an international organizing committee that offers, once a year, short advanced courses of 9–11 days on frontier topics in crystallography, solid state chemistry, materials science, structure activity relationship, molecular biology and biophysics.

### International School of Crystallography Grants

**Purpose:** To enable postgraduates to attend short high-level courses held at Erice once a year

**Eligibility:** Open to all who have scientific interests related to the topic chosen each year at a PhD or postdoctoral level. English language proficiency is mandatory

**Level of Study:** Doctorate, Postdoctorate, Postgraduate

**Type:** Grant

**Value:** Fees, board and lodging during the course

**Length of Study:** 8–12 days

**Frequency:** Annual

**Study Establishment:** E Majorana Centre, Erice, Sicily, Italy

**Country of Study:** Italy

**Application Procedure:** Young applicants must submit a letter of recommendation stating their financial needs, personal data and details of scientific interests. Further details can be found at [www.crystallalice.org](http://www.crystallalice.org)

**No. of awards offered:** 250

**Closing Date:** 31 May

**Email:** [info@isn-online.org](mailto:info@isn-online.org)

**Website:** [www.nature.com/isn/about/index.html](http://www.nature.com/isn/about/index.html)

**Contact:** Professor John Feehally ISN Secretary General

The International Society of Nephrology (ISN) pursues the goal of worldwide advancement of education, science and

patient care in nephrology. ISN achieves this through its journal *Kidney International*, organizing international congresses, symposia, specific programmes and fellowships. As a result, ISN helps to improve renal science and renal patient care worldwide, especially in emerging countries.

### International Society of Nephrology Fellowship Awards

**Purpose:** To offer training opportunities to young nephrologists in emerging countries with the ultimate goal of improving the standards of nephrology practice in their home institutions upon their return

**Eligibility:** Open to young nephrologists from emerging countries, as defined by World Bank criteria. Applicants must have received sufficient training in internal medicine or other fields to pass all host country examinations that are necessary for the care of patients. Fellowships are primarily offered for clinical training in nephrology, but in some circumstances research training may be allowed, priority can be considered for training in epidemiology

**Level of Study:** Postdoctorate, Predoctorate

**Type:** Fellowship

**Value:** The stipends are subject to indexation based on-the-cost-of-living in their host country; the top and bottom level grants are respectively US\$26,000 and US\$20,000 for 12 months of training. If the host country is contributing funds then this is subtracted from the standard fund

**Length of Study:** Short-term fellowships are for 3–6 months and long-term fellowships are for 12 months. Extensions are possible

**Frequency:** Annual

**Study Establishment:** Any suitable university, scientific institution or hospital

**Application Procedure:** Applicants must complete an application form, which is subjected to the review of an international committee. Applicants must provide evidence of a guaranteed position in a medical institution upon return to their home country. The applicant must agree to return to their home country upon completion of the training; if not, the recipient will have to refund the ISN fellowship in full

**Closing Date:** November

**Funding:** Foundation, Private

**Contributor:** Offered in collaboration with sister societies and industry, the American Society of Nephrology, the National Kidney Research Fund in the United Kingdom, Fresenius Medical care in Germany and the European renal Association

**No. of awards given last year:** 44

**Additional Information:** The selection procedure has three parts: data verification, where information provided by applicants is verified and evaluated through correspondence; evaluation, where 7 members of the Committee, one from each

Continent, score each application according to standard format; and finally, selection, which is largely based on the aforementioned scores but also considers the geographical balance, urgent needs in certain regions and the preference of certain sponsors [www.mathunion.org/cdc/grantsresearch-travel-grants/abel-visiting-scholar-program](http://www.mathunion.org/cdc/grantsresearch-travel-grants/abel-visiting-scholar-program)

### International Society of Nephrology Travel Grants

**Purpose:** To encourage young physicians and scientists to attend conferences, especially those from emerging countries. Travel grants are offered to facilitate attendance at the ISN International Congress and the ISN Forefronts Commission Conference

**Eligibility:** 1. ISN Travel Grants are reserved for ISN members in good standing. 2. ISN Travel Grants are reserved for the benefit of physicians and scientists from developing countries. 3. In some cases, only abstract presenters at the event are eligible for a Travel Grant (an accepted abstract is not a guarantee to obtain a grant). 4. Past ISN Fellows and selected participants in the Sister Renal Centers Program receive priority consideration for a Travel Grant to ensure their continued education.

**Level of Study:** Doctorate, Postdoctorate, Postgraduate, Research

**Type:** Travel grant

**Value:** The size of the grant is decided according to each conference and congress

**Length of Study:** Varies

**Country of Study:** Any country

**Funding:** Foundation, Private

**Contributor:** Offered in collaboration with sponsors of ISN

**No. of awards given last year:** 120

**No. of applicants last year:** 395

### International Society of Nephrology Visiting Scholars Program

**Purpose:** To improve the long-term quality of patient care, education and research in fields relevant to the kidney at the

host institution, and enable senior physicians or scientists who are experts in nephrology and related disciplines to spend between 6 weeks and 3 months at an institution in the developing world

**Eligibility:** Applicants must focus primarily on hands-on activities that are the focus of this award, e.g. the establishment of a new clinical programme, research programme or laboratory technique. ISN visiting scholars should spend the duration of their study time at an institution in the developing world. Applicants must be experts in nephrology and related disciplines

**Level of Study:** Postdoctorate, Research

**Type:** Scholarship

**Value:** US\$20,000, inclusive of travel and expenses, for 3 months or a pro rata amount for a shorter period of time

**Length of Study:** 6 weeks–3 months

**Application Procedure:** Applicants must send a description of the programme, its objectives, personal references and a letter of acceptance from the host institution to the ISN Secretary General. Applicants must be members of the ISN

IUBMB seeks to advance the international molecular life sciences community by: Promoting interactions across the

diversity of endeavours in the molecular life sciences, creating networks that transcend barriers of ethnicity, culture, gender, and economic status, creating pathways for young scientists to fulfil their potential, providing evidence-based advice on public policy, promoting the values, standards, and ethics of science and the free and unhampered movement of scientists of all nations.

## IUBMB Travel Fellowships

**Purpose:** The IUBMB Travel Fellowships are designed to support biochemistry and molecular biology trainees (graduate students and postdoctoral fellows), from countries that are full or associate members of IUBMB to travel to and attend meetings in the IUBMB region. Applicants are required to present a poster or oral presentation in order to be considered for a fellowship award.

**Level of Study:** Postgraduate

**Type:** Fellowships

**Frequency:** Annual

**Country of Study:** Any country

**Application Procedure:** Applications will be sent and reviewed by Dr. Ilona Concha Grabinger

**Closing Date:** 1 October

**Additional Information:** Late applications will not be considered.

## Wood-Whelan Research Fellowships

**Purpose:** To provide financial assistance to young biochemists and molecular biologists to carry out research and training in a laboratory other than their own

**Eligibility:** Open to applicants who are residents of countries that are members of IUBMB and students or young researchers less than 35 years old. Retroactive applications will not be considered

**Level of Study:** Graduate, Postdoctorate, Postgraduate, Research

**Type:** Fellowship

**Value:** Up to US\$4,000. It covers travel and incidental costs, as well as living expenses

**Length of Study:** 1–4 months
